Koonawarra Public School – School Code 4409
School background 2015 - 2017

SCHOOL VISION STATEMENT

Our vision is to build on the Koonawarra Public School tradition of excellence while embracing opportunities that arise in a nurturing, supportive and creative learning community.

Our school will:
- Provide regular opportunities for students and teachers to develop and demonstrate their talents and interests;
- Promote social responsibility; and
- Teach the skills essential for 21st Century Learners

School context

Koonawarra Public School strives to be a supportive and highly productive primary school in the Dapto Learning Community by emphasising the importance of fundamental skills for all students; by providing regular opportunities for students to develop and demonstrate their talents and interests in all curricula; and by promoting social responsibility.

Koonawarra Public School has classes from Preschool to Year 6. It is in the Dapto area, southwest of Wollongong. Koonawarra Public School also accommodates an IM class, a Multi Categorical class and two IST Hearing Teachers. Enrolment for 2015 is 277 students, including 28% indigenous students.

Koonawarra Public School values and celebrates the success of our students, staff and parents to encourage a positive school culture.

2015 sees the appointment of a new Principal, a Learning and Engagement Leader to focus on student engagement and an EAfS Instructional Leader to implement the NSW Literacy and Numeracy Action Plan.

In 2015 the conception of community rooms will be introduced to facilitate the active participation and engagement of our parents and local community members. The school is now well resourced to ensure that 21st Century Learning is a feature of all classrooms. The school is appreciative of the introduction of new technologies and resources funded by National Partnerships last year.

School planning process

The school self-evaluation process...

In May 2014 a school evaluation team visited Koonawarra PS to evaluate, report on and make recommendations about the effectiveness of:
- Support for staff in managing student welfare needs
- Adjustments to meet the learning and behaviour needs of students
- Policies and practices that support student welfare.

The findings and recommendations formed the baseline on which our strategic directions were developed. These directions were taken and further developed and consulted upon in regular staff meetings and through parent and student surveys and meetings.

The planning team then consulted with the PSL to inform the products and improvement measures. The plan was then taken back to all staff who formed three strategic direction teams to develop the milestones for 2015.

Curriculum & Engagement

*Develop reflective practice about learning and engagement*

**Purpose:**

To ensure that learning for our students is based on quality teaching and learning programs that inspire every student and teacher to excel and learn to their full potential. This will ensure quality educational opportunities are differentiated to meet the needs of individual students; is purposeful and engaging; incorporates relevant IT skills and is based on the shared professional learning of staff.

Well-being

*Promote and develop self-directed and responsible citizens*

**Purpose:**

To enhance the capacity of students to be active, informed, resilient and creative citizens through the development and implementation of current initiatives and programs and in line with the Melbourne Declaration.

The process and practices of well-being will be embedded in strategic directions one and three.

Community Partnerships

*Enhance and strengthen community involvement as part of a positive school culture*

**Purpose:**

To build and promote a positive school identity and culture with the capacity to engage all stakeholders in the development of a shared educational vision for Koonawarra Public School in the modern world.

** Improvement Measures:  
- Students demonstrate resilience and positive behaviour techniques in the classroom and in the playground – evidence by increased free and frequent rewards, assembly awards for student engagement and achievement and long term award path recognition certificates e.g. bronze, silver and gold.  
- Stronger links are built with the local Aboriginal community – evidence by more interaction in the school community and participation/use of new Aboriginal Community room.  
- Regular staff, parental and student participation in surveys.  

(Koonawarra Public School - School Code 4409)
indicates strong levels of school satisfaction

- 100% of students are provided with effective teacher feedback and provided with an opportunity to be part of a community of reflection using the REAL Framework (Reflection, Engagement and Authentic Learning)

- Reduce number of behaviour incidents and suspensions during the period 2015 – 2017 from current data

- Attendance rates of all student exceeding State averages

Evaluation Plan

- School satisfaction surveys e.g. Survey Monkey, disco generated surveys and school created surveys
- Collection and collation of school data (attendance, suspension, awards)

Practice:

Quality educational and organisational innovations are introduced and embedded to improve system-side frameworks and workflows that improve whole school efficiency. LST meetings refined and communicated

Practice:

Leaders initiate and lead practices that focus on improving educational opportunities for all students and staff as they improve their own practice and work collegially in professional learning teams e.g. Growth Coaching, MeE Framework.
Strategic Direction 3: Community Partnerships
Enhance and strengthen community involvement as part of a positive school culture

**Purpose**

Why do we need this particular strategic direction and why is it important?

To engage the whole school community as active partners in ensuring practices reflect traditional and emerging needs. We will continue to support and promote ongoing improvement in student learning outcomes as we prepare our students for their future. Communication is an essential tool as we focus on our values and the experiences we provide for students to become resilient, responsible citizens.

**People**

How do we develop the capabilities of our people to bring about transformation?

**Students:** Will develop and enhance the skills necessary to participate as successful 21st Century citizens

**Staff:** Actively contribute to multiple aspects of the communication plan i.e. our community valued and important to us

**Parents/Carers:** Access the School website, blog and Facebook to actively participate and share in school based opportunities as they collaborate and celebrate their child’s learning.

**Community Partners:** Support the school as we continue to build knowledge of, and pride in, our school, school events and the local community

**Leaders:** Continue to initiate and promote the meaningful roles families and community have in the decision making process.

**Processes**

How do we do it and how will we know?

- Establish a Community Engagement team that meets fortnightly to implement a planned ongoing approach to communicating and engaging with our community
- Use of various modes of communication to engage our school community
- Staff consistently communicate high expectations regarding student work and behaviour to students and parents
- Professional learning sessions for parents in curriculum areas with a focus on literacy and numeracy
- Students actively participate in school and community events that reinforce our shared values and citizenship

**Products and Practices**

What is achieved and how do we measure?

**Product:** Communication strategy to embrace the following components:

**Practice** Develop and enhance our multi-faceted communication strategy that engages staff, parents and students in learning and informs school planning and management

**Product:** Teachers work with families as they share the responsibility for student learning and well-being

**Product:** Students at Koonawarra Public School are challenged yet supported in a productive learning environment
